*Performing great music while you pursue your academic goals is at the heart of the liberal arts experience at Saint Mary's University.* Students can follow their passion for music while completing any major on campus, participating in sports, or serving as a campus ambassador or resident assistant.

*Most ensembles practice twice a week, many students participate in more than one music group. If you loved your high school ensembles you can continue that experience at SMUMN!* If music has been an important part of your life *there truly is a place for you* in one of our many performing ensembles. Auditions are short and painless and held during the first week of classes fall semester, information will be sent to you after you register.

*(See other side for information about classes and music lessons.)*
